

Neuroscience Honors Program Application

This is only an application for students to demonstrate interest in Departmental Honors. If qualified, students will be awarded departmental honors or highest honors on their diplomas once their degree is complete. Students must complete the preparation classes with a 3.0 GPA or higher, complete all upper division classes for the major with a minimum 3.4 GPA, and finish with an overall 3.2 GPA or higher. Student also must complete the Department Honors program requirements listed on the website.

Name	UCLA GPA (cumulative)
Student ID Number	Preparation GPA
Email Address	Preparation Units completed
Year at UCLA (1 st , 2 nd , etc.)	What is your estimated quarter of graduation? (Degree Expected Term)

Please place a mark next to the upper division classes you have completed and list the elective course.

None completed yet; In Progress courses marked

NS M101A	NS 2A elec	Course
NS M101B	NS 2B elec	Course
NS M101C	NS 2C elec	Course
NS 102	NS 4 th elec	Course
Chem 153A		
Chem 153L		

Please indicate when you plan to complete the following classes: (For estimation purposes only)

SRP 99	NS 191H
NS 198A	101 Core Honors Contract
NS198B	

Note: You are also required to present your research at the Neuroscience poster session in the Spring and to complete an honors contract for an elective.

Please save a copy of this form and then email it to the Neuroscience Undergraduate Counselor, Megan Lebre. Email: mlebre@mednet.ucla.edu. Thanks!
